Casino Governors Meet Problem by Advancing Hours for Concerts and Tennis.

Special to THE SUN AND NEW YORK HERALD.

Problems of the new board of governors of the Casino has involved the readjustment of society's daily routine to coincide with daylight saving, which affects every other phase of local life. Awakening one hour earlier than in other years society has found it necessary to change its meeting hours. Eleven o'clock was the former hour for the first set of tennis or to assemble for the morning concert. The music continued until 1, when the exodus to Bailey's Beach was general for a dip in the surf. To be late to luncheon was a result that was becoming a vogue. To-day the boards of directors, the Casino and the Country Club, brought about a change of time regime, with the announcement that the concerts at the Casino are to be from half past 10 o'clock until noon. The bathing hour will now be 12 and the luncheons at the usual former time.

N. Y. UNIVERSITY RECITALS.

ROCKEFELLER SPRAY ON 81ST BIRTHDAY Plays Golf Over 2 1-2 Mile Course and Wins Game at Extra Hole.

Special to THE SUN AND NEW YORK HERALD.

LAKewood, July 8.—John D. Rockefeller celebrated his eighty-first birthday to-day. It was the first time he had been at his Lakewood estate on his natal day and the occasion was marked by a celebration given for a few old friends and relatives. Rockefeller's children were present, but they offered their congratulations by telegrams and large floral remembrances. Mr. Rockefeller's sister, Mrs. Davis, was here to felicitate her brother on his excellent health and vigor. To those who know Mr. Rockefeller intimately the last few years have had but little effect on his appearance.

Mr. Rockefeller celebrated the early part of the day with his usual routine of golf. It was a half mile course around the nine hole course and at the finish Mr. Rockefeller's step was as spry as when he left the first tee. Not only did he show abundant vitality in his game, but his health and vigor were proved that eighty-one years does not always prove a deterrent to one's skill, as he returned a winner in the contest.

Mr. Rockefeller very gallantly attributed his excellent health and vigor to the fact that he played golf and tuck and it was at the extra hole that Mr. Rockefeller bested his opponents by one hole. The stroke, however, was a tie.
